

What God is showing me during this time... Tim Holcomb

“Change is good!”

For those that don't know me, I am Tim Holcomb. I was raised next door to Burning Bush Baptist Church by Bill and Bettye Holcomb and with my two brothers, Bill Junior and Rodney. I was enrolled in the nursery before I was born, and I have secured my burial lot in the Burning Bush Cemetery. The journey between these two points has been and always will be one of constant change. As a young boy, my dad started a new career with a Checkerboard feed store selling seed, feed, chickens, saddle repair and fertilizers. I soaked in all the sights, sounds and smells a farm store provides and I soon realized my dad wasn't in the feed store business, he was in the people business. His store's success was based on helping his customers and his employees be successful. God lead our family through some very lean times in a new and seasonal business, but God always blessed us with wonderful relationships at work, church, and neighbors.

When I graduated high school, I wanted to go into the family business. I left the security of a loving family, church and friends and moved to Tifton, Georgia attending Abraham Baldwin Agricultural College. After college, I returned home and joined the business. I was soon followed by both my brothers into the business and the need to expand became clear. God lead our family business through many highs and lows but showered His blessings on us in every phase. I was twenty-three when I was setup on a blind date at Burning Bush Baptist Church with what would be my future wife, Susie! After a lengthy courtship of four months, we were married and recently celebrated thirty-seven years of wedded bliss. Over the years, we have been blessed with children, grandchildren and wonderful in-laws. We certainly do not see them as often as we would like with some on Colorado and some in Africa.

At this point in my life, I am no stranger to change. I have planned, worried, feared and longed for many changes. In every situation, when I would stop my planning and look for God's planning, He has opened doors, closed doors and guided my path. Within the past few years, I have lost my dad and a brother. I have watched God orchestrate the selling of the family business and guide my journey in a new direction. My retirement was short lived as I had the opportunity to become a school bus driver. Being a school bus driver has provided me the opportunity to continue being in the people business. I love my captive audience of special needs kids that I get to see twice a day.

We are all facing a mountain of change in our lives, in our Church and in our country as we battle an unseen enemy. I do not know what lies ahead and thoughts of failed plans, fears and worry are only calmed when we rest in God's loving provision. I have said a lot of words and chased a few rabbits, but I want to share my favorite verse and I hope it guides you to trust All Mighty God and rest in him. Share His Hope because we are in the people business.

Jeremiah 29:11 & 12

- 11. For I know the plans I have for you, declares the Lord, plans to prosper you and not to harm you, plans to give you hope and a future.*
- 12. Then you will call on me and come and pray to me, and I will listen to you.*
